AADYA INDUSTRIES

QUALITY POLICY

QUALITY • RELIABILITY • CUSTOMER SATISFACTION • CONTINUAL IMPROVEMENT

Standard Reference	ISO 9001:2015 — Clause 5.2	**Revision**	00

At **Aadya Industries**, we are committed to delivering high-quality industrial products, equipment, and fabrication solutions that meet customer requirements, applicable statutory and regulatory requirements, and agreed technical specifications. We strive to build long-term customer relationships through engineering discipline, reliable manufacturing practices, effective quality controls, and continual improvement of our Quality Management System (QMS).

OUR QUALITY COMMITMENTS

1. Customer Satisfaction

We review customer needs, contractual obligations, and technical requirements, and work to deliver products and services that meet agreed specifications, performance expectations, and delivery commitments.

2. Engineering and Product Quality

We aim to ensure that applicable drawings, material specifications, dimensional tolerances, manufacturing processes, and inspection requirements are reviewed and controlled throughout project execution.

3. Inspection and Testing

We apply appropriate inspection and testing activities based on product requirements, approved procedures, and applicable standards to verify conformity before delivery.

4. Compliance and Safety

We are committed to meeting applicable statutory, regulatory, contractual, and customer-specific requirements relevant to our operations and products.

5. Supplier and Material Quality

We work to select and evaluate suppliers against relevant quality and delivery criteria and verify incoming materials in accordance with defined requirements.

6. Competence and Employee Responsibility

We promote employee competence, technical awareness, accountability, and teamwork to support consistent quality throughout our operations.

7. Risk-Based Thinking and Corrective Action

We identify and address relevant risks, prevent potential nonconformities where practicable, investigate quality issues, and implement appropriate corrective actions to reduce recurrence.

8. Continual Improvement

We continually seek opportunities to improve product quality, process effectiveness, customer satisfaction, delivery performance, and the overall effectiveness of our QMS.

OUR COMMITMENT TO CLIENTS

We aim to be a dependable industrial partner through technically compliant solutions, transparent communication, consistent quality, and responsive customer support throughout the order execution process.

This Quality Policy provides a framework for establishing and reviewing quality objectives. It shall be communicated, understood, implemented, and periodically reviewed for continuing suitability and effectiveness.
